

Jacolby Suggs
College Counselor

Jacolby Suggs graduated from The College of New Jersey in 2017 where he earned a B.A. in Political Science. Since then, he has been working in college access and college success.

Jacolby started his journey in college admissions as an Educational Opportunity Fund Admissions Counselor for three years. He transitioned to the “other side of the desk” where he now is a College Counselor for KIPP NJ. Jacolby found his way to college access work because of something he did not have when he was younger.

Jacolby stays steadfast in his personal mantra: *to be who students need as they navigate the wonders and woes of their becoming years*. Jacolby gives all his time, energy, and resources to college access, leveraging his experience in college admissions, high school to college transitions, and college persistence. In this work, Jacolby implements the knowledge he has gained in college readiness at the collegiate and high school level while using the education from his MSW program to aid the whole student and speak to their lived experiences.

When Jacolby is not working, you can find him in the gym, running on the road, or traveling the world one flight at a time.
